2.2 - Permissible Values

The permissible values for this simple type are defined in the Controlled Value Enumeration: CVEnumRevRecallType.xml

Table 2 - CVEnumRevRecallType Values

CVEnumRevRecallType Values	
Value	Documentation
ADMINISTRATIVE_RECALL	Notify recipients that a product has been withdrawn due to significant but non-substantive technical, legal, or policy issues (but is not used for a FISA-compliance recall); e.g., compromise of sources and methods, identification of US person, improper classification.
ADMINISTRATIVE_REVISION	Notify recipients that a modification has been made that does not affect the substance of the original product; e.g., misspellings, typographical errors, additional recipients.
FISA_COMPLIANCE_RECALL	Notify recipients that a product has been recalled specifically for a FISA-compliance reason.
SUBSTANTIVE_RECALL	Notify recipients that a product has been withdrawn due to significant concerns about the accuracy of the information, the integrity of the source, or the soundness of the analytic judgments.
SUBSTANTIVE_REVISION	Notify recipients that a change has been made that does affect the substance of the original product but does not invalidate it; e.g., dropped words or sentences, inaccurate paragraphs or comments, minor analytic judgments.
